- In addition, with my job role Delivered comprehensive training to team members, enhancing their operational skills and readiness.

Actively participated in night trips to provide on-site support and ensure smooth marine operations during extended hours. Initiated and led safety meetings focused on improving team performance and reinforcing marine safety protocols. I conducted daily safety briefings to ensure all team members were aware of hazards and safety procedures before operations.

Provided specialized training on the operation and handling of water jet boats, promoting safe and efficient marine vessel use.

Maintained readiness to respond promptly to emergency situations, including availability outside of regular working hours to support the team when needed.

Managed repair orders for the fleet, ensuring timely and efficient maintenance to keep all vessels operational and ready for deployment.

Attended the *Forbes Train the Trainer* program, enhancing his ability to effectively teach, mentor, and lead team training sessions with improved communication techniques.

Achieved a score of 94% on the *Forbes Auditor* assessment conducted on his vessel, the highest score across all departments, demonstrating exceptional adherence to operational and safety standards.

Started by operating Alshaaly boats and, through continuous self-development, he now fully capable of driving and participating in trips on any type of vessel or boat in our fleet, both day and night.

One of my crew achieved the star employee of the months across all the departments within our company due to the daily job which he focused to improve his crew always and always always got a positive feedback from guests
